## Experience Modern Japan in An All New Green Environment.

Miyako hotels are known throughout Japan for their traditional beauty and impeccable service. The Miyako Hybrid has captured the traditional elegance and hospitality of Japan and united it with the newest and always changing technology of the 21st century.

As the word "hybrid" suggests, this exciting property is eco-friendly with a solar-powered electrical system, environmentally responsible construction materials, and, of course, recycled materials. All this, along with Japanese art and artifacts appointed throughout the hotel, provide a unique mixture that is both delightful to the eye and environmentally aware. Every guest room has Japanese-style oversized baths, separate showers and heated water bidets.

Miyako's friendly, professional staff will be at the beck and call of all guests 24/7. Business travelers will find everything they need in the state-of-the-art business center.

Visitors from all countries will admire the Japanese-style spa and massage facility. The restaurant and bar, with accommodations for 180, offers an eclectic menu of fusion cuisine from Japan and California.

In Japanese, the term "miyako" refers to a flourishing center of business and entertainment. The Miyako Hybrid is nestled among the corporate headquarters of some of Japan's most famous companies, and only minutes away from downtown Los Angeles and surrounding airports. The new Miyako Hybrid Hotel will offer dual culture luxury and relaxation in an environmentally friendly home away from home.
